

**Be Strong; Be Courageous**

## About Me

First of all, I don't like talking/writing about myself. I am an outgoing person. I enjoy meeting new people and having new experiences. I have two children that have been my center for a LONG time. Now it is time for me to explore new adventures!

Although I do not have very much computer experience. I do have a customer service background. I enjoy solving problems and making everyone's experience more enjoyable.

## Projects

**Learning; 1st Project Code\_Refactor**
